Before your consultation ... please prepare the preliminary information below so that we may use your scheduled time more effectively. The next page includes suggested helpful dimensional information for measuring your specific area. A piece of graph paper is included for your project sketch. Remember to bring photos showing the area from several different angles.

What direction does your garden face? N S E W (circle one)

Favorite/Least Favorite Colors? _____

Favorite Plant? _____

Experience Level: Beginner Intermediate Advanced (circle one)

Specify the area you would like to enhance or redesign and what you would like to accomplish.

How much maintenance time are you willing to spend on your garden?

How many hours of sun and shade does the area receive on a daily basis? A.M. or P.M. Sun?

Is it a protected or windy area?

Is the planting going to be a focal point or foundation planting?

Does the area have good drainage? Is it usually wet or dry?

Would you like to screen or camouflage an unattractive view?

Please list any other helpful information:
